Please note that this comparison chart has been established for washroom accessory customers when comparing Taymor accessories to those of other manufacturers. This chart has been prepared from the most recent known competitive catalogs and/or manuals and represents our judgment of which are most similar. It should not be assumed that other product lines are equivalent in quality and price to that of Taymor Washroom Accessories. Many similar products were noted, but not included, because of construction materials content differences.

Taymor will assist any architect, contractor or distributor concerning specifications on our product line.
